Place the fuel tag on your propeller (using an elastic band and ziplock bag) with the "X" facing out when you need fuel. The fuler will fill the main tanks and place the tag back on your propeller with the Date/Qty side showing.

Always check to assure fuel has been put in your tanks regardless of the position of the tag. Do not start your engine with the tag on your propeller.

X = I NEED FUEL

Special Instructions:

Do not Fill Tip tanks unless checked below. Call owner cell if any questions or damage occurs / noted.

- ☐ Check to Fill Tip Tanks
- ☐ Do Not Fuel without Owner
